SHARE WHY YOU CARE

Thank you for supporting the Children's Tumour Foundation through the 2024 Steps Towards a Cure campaign.

Sharing updates and posting your fundraising page link are great ways to boost your fundraising results and let your community know you're tackling neurofibromatosis (NF) head on!

Don't forget to tag @ctfaustralia on Facebook and Instagram and use the hashtags #stepstowardsacure #conquernf #tackleNF

Download social media graphics to add to your posts [here](#).

DRAFT POSTS FOR YOUR SOCIAL MEDIA CHANNELS

Post 1: I'm tackling 150km/X kms this May in support of the 150 children born with NF in Australia each year. Please support me by making a donation to my fundraising page [fundraising page link]. Every dollar counts and moves us closer to a future free from NF.

Post 2: I'm stepping up for NF because I believe tumours should never be a person's normal. I'll be walking/running [distance goal] throughout May to raise funds for vital research for everyone impacted by neurofibromatosis (NF). Together, we can tackle NF.

Post 3: Together, small steps can be transformed into huge strides in the advancement of care for those living with NF. Please support me by making a donation to my fundraising page [fundraising page link].

THANK YOU

With you, we can rewrite the story of NF.
